## Purpose of Survey

The Statewide Learning and Performance Management Office and HR Modernization are inventorying technology tools and services owned and used by State Agencies and Departments. Let's share what we can. By sharing State-owned resources and technology, we may expand their use and reduce the need to purchase new equipment or software. The information gathered from this survey will be compiled and published for your use. One example of potential use is to provide expanded training services. Please coordinate your responses with your Information Technology (IT) staff. Please complete the questions and provide your contact information by April 30th.

One response per department.

For questions please contact Christina Wise at [Christina.Wise@dpa.ca.gov](mailto:Christina.Wise@dpa.ca.gov)
